“We’re very lucky to be at an all-girls school, particularly at this age. We’re cultivating confidence and discerning our authentic selves here, before college.”

“*Be who you are and be that well.*”
– St. Francis de Sales

WOMEN OF FAITH, VISION, & PURPOSE

For more than 200 years, Visitation women have broken boundaries and built communities of respect, paving the way for their sisters behind them. As a proud member of the National Coalition of Girls' Schools, our school community recognizes that an all-girl environment nurtures students to become more confident and to take intellectual and social risks at the critical juncture of adolescence. We intentionally create opportunities to lead, question, and collaborate inside and outside of the classroom. After four years with us, a young woman leaves 35th Street confident in her faith, herself, and her capacity to bring about change.
