A PRAYER FOR CATHOLIC EDUCATION

Father,

Thank you for all those men and women who have given their talents to educating our young people.

Through the challenges they encounter each day, lead them to an ever deeper appreciation of the sacred duty to which you have called them.

We give thanks for the invaluable work of all those who contribute to the efficient running of our schools; support staff, kitchen staff, maintenance staff, governors and chaplains. We thank them for their hard work and dedication and we pray that they may continue to work in support of our schools.

Thank you for all those who lead our Catholic schools.

May they be people of integrity so that they can be witnesses as well as teachers. We pray that the schools they lead will become places where our young people can experience your love in their lives. Thank you for our Catholic schools.

Help us to pray without ceasing, to work without wavering and to give without grudging in order to ensure the future of Catholic education for all of our children

We make this prayer through your Son, Jesus Christ, our teacher and our Lord,
Amen.

December 2018

Dear School Leaders,

In October 2015, leadership of the Archdiocese of Washington Catholic Schools Office embarked on creating the first archdiocesan-wide strategic plan for Catholic schools. Based on the Data Wise Project, leadership organized a strategic planning process that was committed to the analysis of data according to the Archdiocese of Washington's four pillars of Catholic education: Catholic Identity, Academic Excellence, Affordability (Enrollment), and Governance.

The strategic planning process engaged the participation of principals and the archdiocesan Board of Education in workgroups, which coincided with each of the four pillars. For nearly two years, their work with the Catholic Schools Office to envision our future, analyze data, prioritize needs, and develop strategies was invaluable. In addition, teacher leadership, pastors of schools, and other offices within the Archdiocese of Washington also provided critical feedback and direction during the planning process.

In developing the strategic plan, Archdiocese of Washington Catholic schools made a commitment to make decisions based on data. In order to facilitate the accomplishment of this expectation, leadership spent significant time during the strategic planning process evaluating data currently available to our school leaders, identifying what additional data would need to be collected, and then synthesized and provided to school leaders for effective archdiocesan and local strategic planning in the future.

To that end, I am pleased to share with you the Archdiocese of Washington Catholic Schools Strategic Data Portfolio, a resource of archdiocesan aggregate data that reflects each pillar of Catholic education. As our capacity for the use of data in our everyday work grows because of our strategic plan, so does the need for resources and tools to be made available to our school leaders. This Strategic Data Portfolio is a product of our strategic plan. Together, we will continue to build our capacity for using data in our decision-making.

I hope you find this resource useful as a leader in a Catholic school. Each year, we will continually evaluate what new data will be available to leaders in this portfolio.

As always, I thank you for your dedication to Catholic education in the Archdiocese of Washington.

Sincerely in Christ,

William H. Ryan, III
Superintendent

2016-2018 Faith Knowledge Assessment
Overall Score by Key Elements of the Religion Curriculum Standards
(Forming Disciples for the New Evangelization)

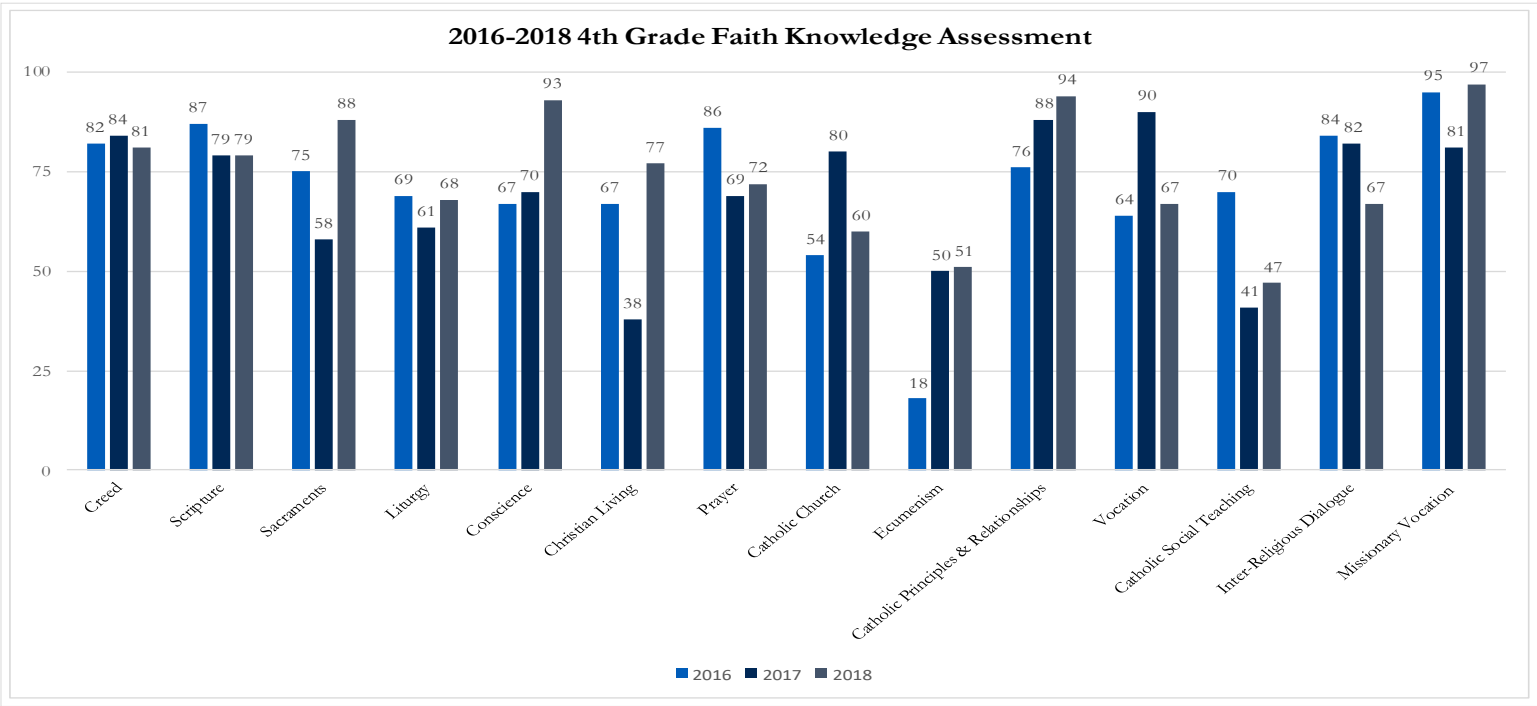

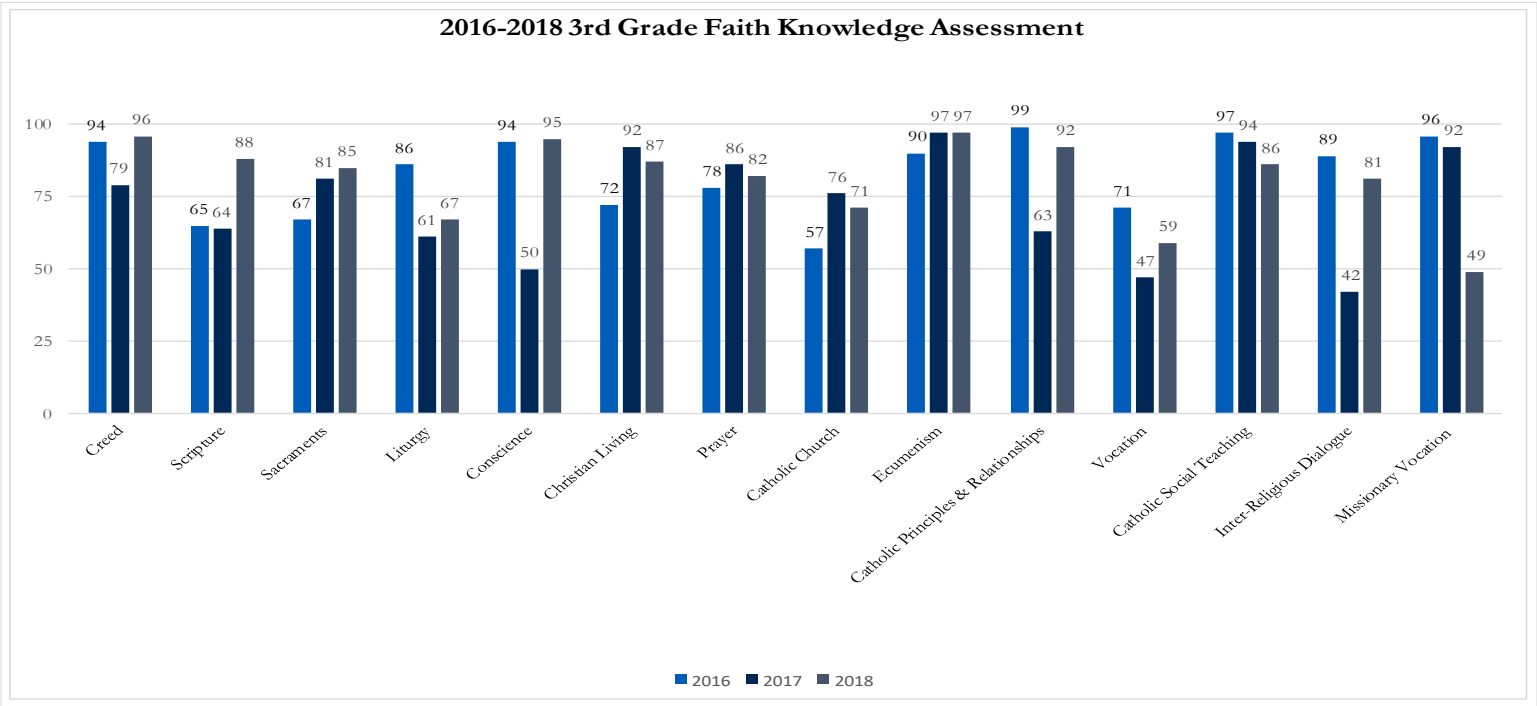

About the Faith Knowledge Assessment:

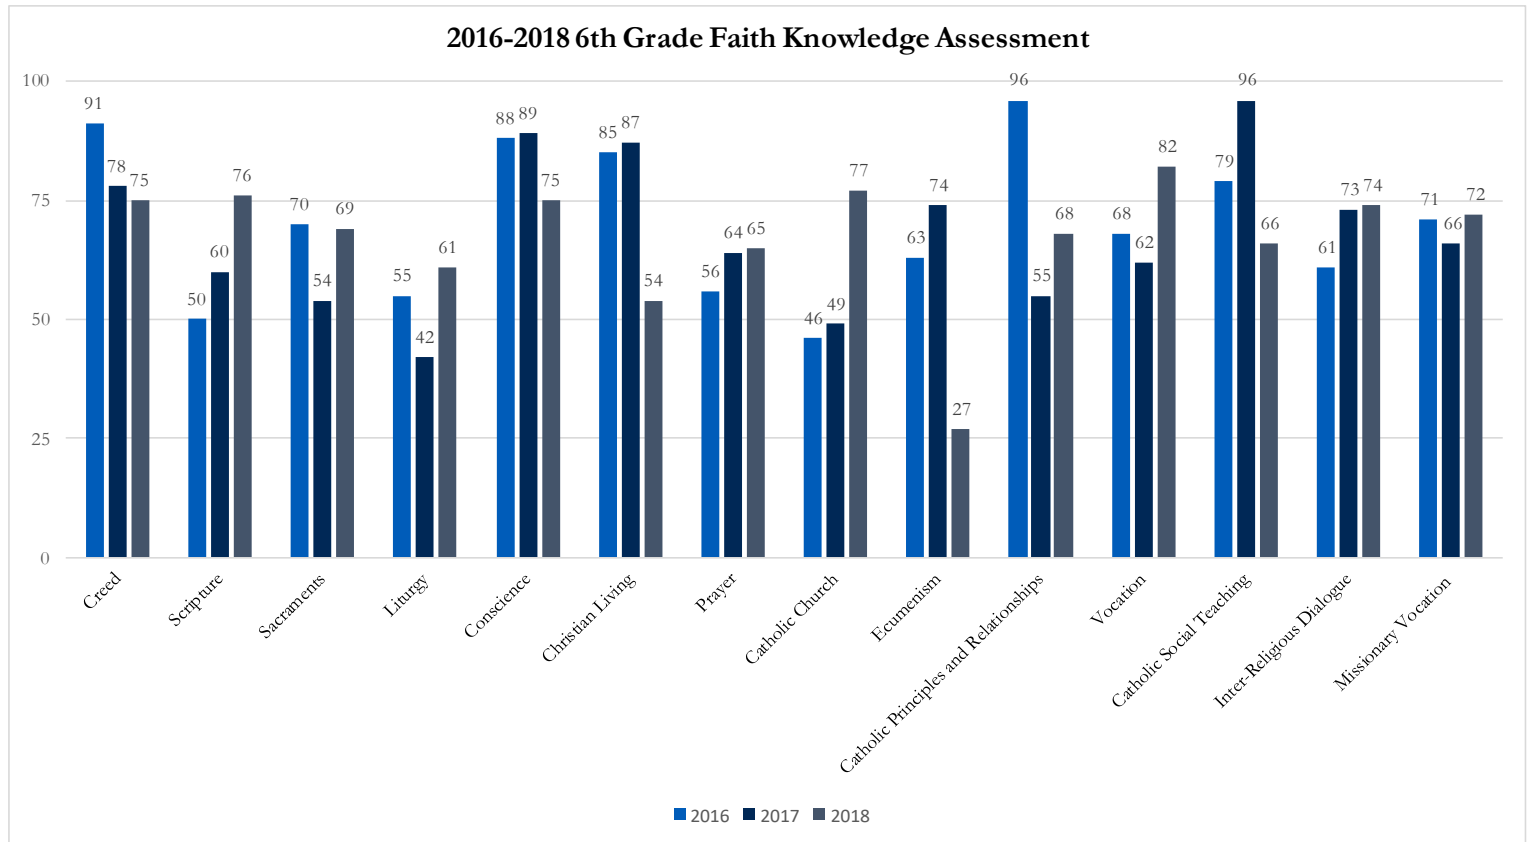

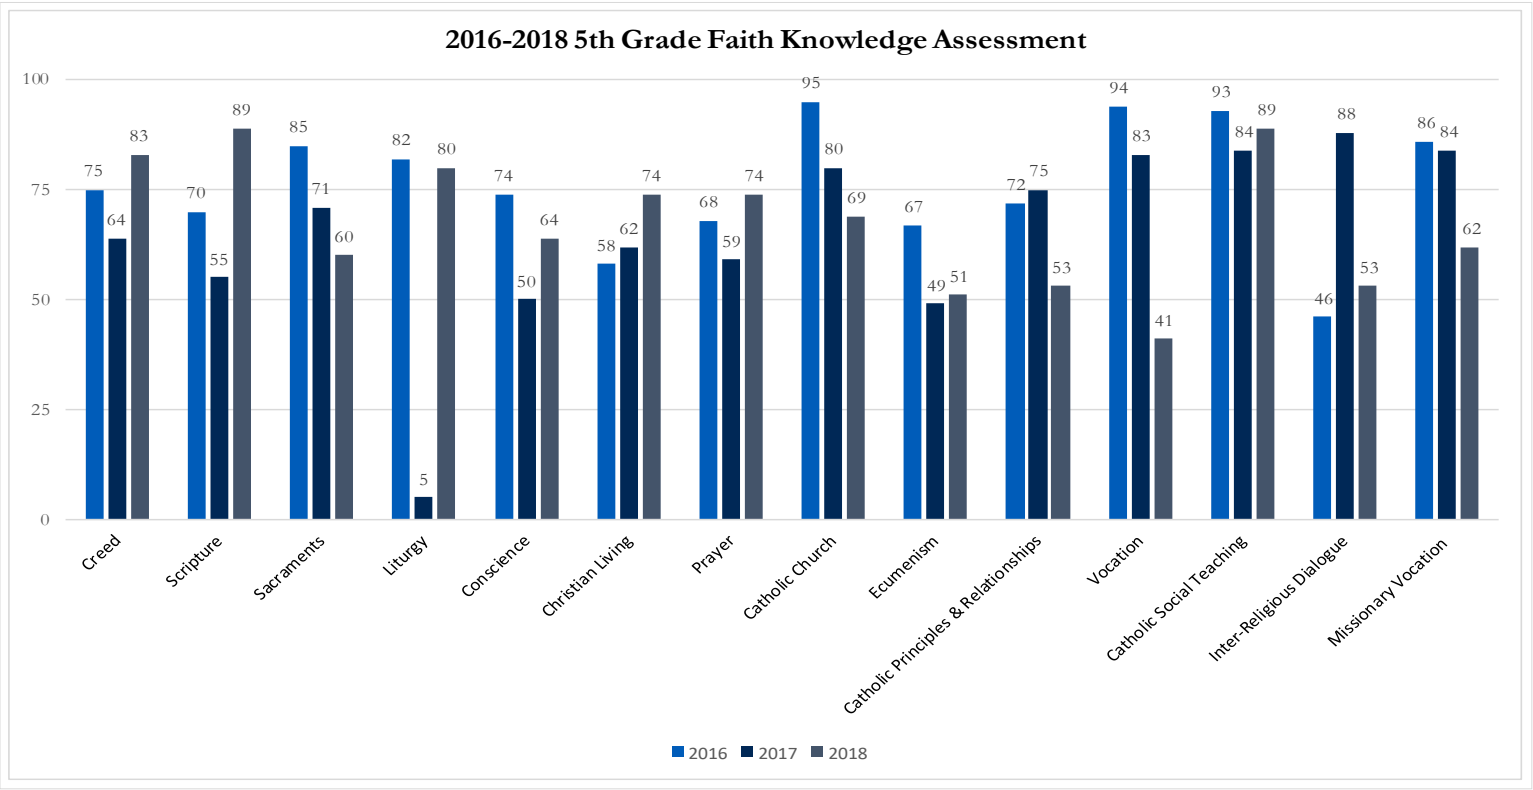

The data above represents three years of results from the annual administration of the Faith Knowledge Assessment, the religious standardized assessment administered to students in grades 3 through 8. The data was collected in the spring of 2016, 2017, and 2018 through Scantron Achievement Series. The information is used to determine areas of focus for improvement in religion instruction in archdiocesan schools.

About the Faith Knowledge Assessment:

The data above represents the overall performance of Archdiocesan schools by grade in each standard of the Forming Disciples for the New Evangelization Religion Curriculum obtained using the 2018 Faith Knowledge Assessment. The Faith Knowledge Assessment is a standardized assessment administered to students in grades 3 through 8. The information is used to determine both areas of strength and areas for improvement in religious instruction in Archdiocesan schools.

The data above represents a Partnership for Assessment of Readiness for College and Career (PARCC) articulation of the results from the 2017-2018 end-of-year administration of the Scantron Performance Series (PS) Assessment in Mathematics and Reading Results are interpreted from the one-time participation of 16 archdiocesan schools in the first administration of PARCC in 2014-15. The 16 ADW schools completed the EOY Test component (part 2) of the 2014-15 PARCC, and PARCC composite scores for the 16 ADW schools were calculated using score analysis provided by PARCC, Inc. in 2015. The Scantron PS score ranges corresponding to PARCC classifications are based on Scantron Performance Series-PARCC concordance tables developed by Scantron Psychometric Services in 2016. The information is used to affirm that archdiocesan schools are as academically distinguished as the public and charter schools of the local area, according to Canon Law 806 §2.

2017-2018 Title Program Participation
By Region and Program

The following data (broken down by region and program) represents the total amount of federal government funding Archdiocesan schools receive under the four main grant programs, Title I, Title IIA, Title III, and Title IVA. The federal Elementary and Secondary Education Act (ESEA), which was reauthorized in 2001 as No Child Left Behind (NCLB), is the national education law. Title I provides supplementary instruction to at-risk students who are educationally disadvantaged. Title IIA funds professional development activities for principals and teachers to improve instruction and student performance. Title III benefits Limited English Proficient (LEP) children and immigrant youth. Title IVA supports well-rounded education, safe and healthy schools, and effective use of technology. The data was collected in the spring of 2018 by the Catholic Schools Office (CSO). The information is used to determine the amount of government funding provided for Archdiocesan students, and their principals and teachers.
